Department of Management and Humanities

NIT Arunachal Pradesh

About the Institute

The National Institute of Technology, Arunachal Pradesh (sponsored by the MHRD, Govt. of India) is one of 31 NITs established by the NITSER Act, 2009. The temporary campus is located in Yupia which is 3 kilometer from Naharlagun/Itanagar Railway station. The Naharlagun/Itanagar Railway station is the nearest railway station while the nearest airport is Lilabari Airport, 60 kilometers from NIT Arunachal Pradesh and 332 km from Guwahati Airport. The more information about the Institute may be obtained from www.nitap.ac.in. The institute got 200 NIRF rank 2019.

About the Department

The Department of Management and Humanities was established as a full-fledged department in the year of 2014. Before that, Humanities had been established with the Department of Basic Sciences and Humanities right from the inception of the Institute in 2010. During 2014, Humanities was separated and merged with Management. The Department is also offering Ph.D. programme in Management and Humanities.

The Department has a state of the art Professional Communication Laboratory with the objectives of developing and refining the language skills of our students. It has its own software packages for training. The department also offers different foreign languages coursed for the undergraduate students.

Back Ground

"Education has five aspects – information, concepts, attitude, imagination and freedom" Gurudev Sri Sri Ravi Shankar

Education is to prepare a person for life. To an experienced educationist, it is a well-known fact that the age group of 18-30 years is extremely crucial. This is the age where issues of career, relationships, peer/parental pressures, and anxiety about the future, come to the fore simultaneously. For a youth bogged down by these issues, academic performance and development to their full potential suffers. Educational institutions, thus, have the primary responsibility to not only inspire students towards a higher vision but also create a strong sense of bonding between the institution and the students to nurture a stress free holistic environment.

Back Ground

Innovation management includes a set of tools that allow faculty members and students to cooperate with a common understanding of processes and goals of innovation aspects. Innovation management allows the organization to respond to external or internal opportunities, and use its creativity to introduce new ideas, processes or services about institute. It involves students/ faculties/ staffs at every level in contributing creatively to an organization's service development

Target Audience

Faculty/staffs (AICTE approved institution) and PG/Ph.D Scholars of any government institute.

Objectives

- Linking of engineering, science and management disciplines.
- Support from innovation process from top management.
- Increasing efficiency, productivity and motivation through innovation management

- Enhance individual effectiveness by inculcating innovation management through design thinking and creativity and innovation and hands on training.
