NOTIFICATION

Someone invited one reporter on 23rd September from Frontier TV who roamed around the institute and circulated all the negative things in social media. Faculty/staff who invited the person is not known to us.

Following clarification is furnished in this regard:

"we have just moved to the campus in the middle of August 2021. We are yet to settle due to the adverse condition of continuous rain. The very motive to shift to the campus is to develop the campus to make it habitable to faculty/staff and students.

Services like electricity, water and mobile network are well developed. Internet connectivity with 2 BNSL lines with 800 MBPS is available. Faculty quarters are having dedicated net service. Post office, medical unit, market are established. Canara Bank is approved and will start functioning from October. Bus service from Nirjuli to Jote and back are established. Hostels are on the verge of completion (one boy's and one Girl hostel are now fully ready, the last hostel will be completed in another 15 days)

We have to do many more things. We understand that few rooms in the academic buildings have leakages due to faulty design which has been asked to correct to the agency.

Rome was not built in a day!

We have to work hard and make it. Kindly keep patience. Once COVID protocol permits you all will be in the campus and become an integral part of it to add more and more things into the system."

This is issued the Approval of the Competent Authority.
